SOURCE: **[REDACTED]**

1. On 30 June 1951, an undetermined number of mines in wooden boxes were laid at short intervals along the border near Horni Steindlberg (N 50/Q 17). The mine field was narrow in depth and had two unmined lanes. On 1 July, signboards with a skull and the inscription "Caution-Mines" were placed at the mine field.

[REDACTED] Comment. Since mines were also laid at As and Volary, the laying of mines in Steindlberg area appears probable. See **[REDACTED]**.

Comment. The area from Úvrsko to Modrava is controlled by authorizations of a border guard brigade the headquarters of which is in Sušice.
